🏠 599 Beechwood Dr. Waterloo, ON

## OBJECTIVE

A motivated IT Innovation and Design student at Conestoga College seeking IT industry role, working as a Co-op Software Developer at Conestoga SMART Centre. Skilled in web development, agile software development, data analysis, UI/UX design, and graphic design. Committed to leveraging technology for innovation and exceptional user experiences. Strong work ethic, excellent communication skills, and detail-oriented. Ready to contribute to a dynamic team and enhance technical expertise.

## EDUCATION

Conestoga College  
**IT Innovation and Design**  
Jan 2023 to Apr 2026

Overall GPA  
**3.88/4.00**

## WORK EXPERIENCE

### Co-op Software Developer

**Conestoga SMART Centre, Cambridge, ON | May 2024 to Dec 2024**

- // Participate in upgrading Spring and Hibernate Java Frameworks to the latest versions, significantly enhancing the security and performance of the OSCAR EMR application.
- // Write Selenium Tests to enhance the Automated UI Testing of the application.
- // Identify and resolve critical bugs in the application, improving user experience and system reliability.
- // Prepare and deliver weekly presentation slides, effectively communicating sprint outcomes and goals to stakeholders and fostering transparency and alignment.
- // Collaborate and communicate with team members on project development through Jira, Slack, Git, and GitHub, maintaining robust version control and code quality.

## PROJECTS

**Please visit my portfolio and Figma Community to obtain more details of my projects.**

**Personal Website:** <http://kateyang.site/>

- // Designed and developed independently. Ensured focusing on the entire user experience. Created the website using HTML5, CSS3.0, and JavaScript.

**Figma Design Projects:** <https://www.figma.com/@kateyang>

- // **K Studio Mobile App:** High-Fidelity prototypes of the clothing store mobile app. Designed independently.
- // **Kate's Bakery Shop Mobile App:** High-Fidelity prototypes and wireframes of the bakery shop's mobile app. Designed independently.
- // **Recipe Mobile App:** High-Fidelity prototypes, wireframes, and sketches of the recipe mobile app. Designed independently.
- // **Medical Mobile App:** Mockups, wireframes, and sketches of the medical mobile app. Designed with Jiwoo Lee, Matt Robinson, and Zack Clarke.
- // **Smart Home Mobile App:** High-Fidelity prototypes, wireframes, and sketches of the smart home mobile app. Designed with Jiwoo Lee, Matt Robinson, and Zack Clarke.
